S.No	Name	Project Title	Address
1	Anil Purushottam Macwan	Studies On Desalination Of Sea Water By Low Energy Membrane Technology (Reverse Osmosis)	----
2	Jayanthi Doraswamy	Simulation Of Solar Hot Water System	----
3	Malyala Anantha Venkatarao	Simulation Studies On A Solar Thermal Power Plant Using Cylindrical Parabolic Concentrators	----
4	Peddinti Murali Krishna	Energy Consumption And Removal Efficiency In Rotating Biological Contactors	----
5	Pramod Madhukar Despande	Optimization Of Venturi Scrubber Performance For Energy Consumption	----
6	N Thangaraju	-----	----
7	Ram Babu Singh	-----	----
