

International Workshop on

Hydrogen Storage

About

IWHyS 2K19 is a pre-conference ICAER 2019 workshop organized under the aegis of DST-IIT Bombay Energy Storage Platform on Hydrogen. The workshop is aimed at sharing the recent research in the field of hydrogen storage in terms of novel materials, systems and integration with real time applications. Renowned experts from different institutions will be speakers and will disseminate their views predicting the future trends in the field of hydrogen storage and its applications. This workshop welcomes industry professionals, academicians and researchers working in the area to participate and get benefitted from this opportunity.
