

INTERNATIONAL  
CONFERENCE  
ON ADVANCES IN  
ENERGY RESEARCH

# ICAER 2013

10 - 12 December, 2013  
IIT Bombay  
Mumbai, India

Department of Energy Science and Engineering

## Conference Topics

Renewable Energy

Fuels and Combustion

Conventional and  
Alternate Energy

Alternate Energy  
Conservation

Nuclear Energy

Advanced Materials for  
Energy Conversion and  
Storage

Energy Modelling  
and Simulation

Energy Management,  
Policy and Economics

Energy and Environment

Emerging Energy  
Technologies

## CALL FOR PAPERS

### IMPORTANT DATES

Registrations open	:January 15, 2013
Submission of full length paper	:June 15, 2013
Notification of paper acceptance	:August 15, 2013
Submission of final paper	:September 15, 2013
Early bird registration en	:October 15, 2013

### INSTRUCTIONS FOR PAPER SUBMISSION

- Papers for ICAER 2013 will be selected for oral or poster presentation on the basis of peer review. Soft copy of the paper can be submitted online.
- Detailed instructions for abstract and paper submission are available on the conference website. Final camera-ready paper should be submitted online.

## INTRODUCTION

The global energy concerns of depleting fossil fuels and climate change put forward great challenges for the researchers. The Department of Energy Science and Engineering, IIT Bombay announces the 3rd International Conference on “Advances in Energy Research” to provide an excellent platform to exchange new ideas, discuss new developments and finally look at the challenges lying ahead in the energy sector.

## ACCOMODATION

Accommodation will be made available in nearby hotels, guest houses and institute hostels as per requirement.

## LANGUAGE

The official language for the conference is English.

## PUBLICATIONS

Selected paper will be considered for publication in the  
# Journal Energy for Sustainable Development  
# International Journal of Energy Technology and Policy

## LOCATION

IIT Bombay is conveniently located at Powai, which is an eastern suburb in the north-eastern part of Mumbai. Mumbai is capital of the state of Maharashtra and is an important commercial and entertainment hub of India. The campus is easily accessible from railway station and airport. International flights land at Sahar Airport which is about 7 kms from IIT. The Domestic Airport-Santacruz is about 10 kms.

## INTERNATIONAL ADVISORY COMMITTEE

Prof. Dr.-Ing. Detlef Stolten, Germany  
Prof. Gavin Walker, UK  
Dr. Hari Saran, Switzerland  
Prof. Ned Djilali, Canada  
Prof. Kamanio Chattopadhyay, India  
Prof. Samuel Adeioju, Australia  
Prof. Dr. Werner Lehnert, Germany  
Prof. Pradip Dutta, India  
Prof. Nimal Rajapakse, Canada  
Prof. Sushanta K Mitra, Canada
